Aljaž Pasarič, Member of the Supervisory Board

Aljaž Pasarič holds a university degree in civil engineering and has extensive experience in infrastructure, power engineering, investment management, and business administration. Throughout his career, he has managed projects, prepared tender and investment documentation, and worked closely with various stakeholders on the implementation of infrastructure projects.

He began his career as a project manager while serving as the owner and director of a company, where he was responsible for preparing bids, managing projects and coordinating business activities. In 2017, he worked in investment supervision, and since 2018, as the director and owner of a company, he has been responsible for managing the company's operations, project development and strategic planning.
